

Activities that teach DATA

CONTENTS

1. TABLES OF CATEGORICAL DATA

1 - 1	Collecting data	2
1 - 2	Categorising data	5
1 - 3	Choosing a suitable variable	8
1 - 4	Comparing two sets of data	10
1 - 5	Reading two-way tables	12
1 - 6	Drawing two-way tables	14
	Summary	16

2. GRAPHS OF CATEGORICAL DATA

2 - 1	Collecting data	18
2 - 2	Relative frequency	21
2 - 3	A column graph	22
2 - 4	A horizontal bar graph	24
2 - 5	A divided bar graph	26
2 - 6	A sector graph	28
2 - 7	Choosing a graph	31
2 - 8	Graphs of two sets of data	32
2 - 9	Graphing class census data	36

3. ORDERED CATEGORICAL DATA

3 - 1	Collecting data	38
3 - 2	Months and seasons	41
3 - 3	Opinions	44
3 - 4	Rankings	47
3 - 5	Ratings	48
3 - 6	Codes	50
	Summary	52

4. QUANTITATIVE DATA

4 - 1	Collecting data	54
4 - 2	Dot plots	57
4 - 3	Stem-and-leaf plots	60
4 - 4	Sub-divided stem-and-leaf plots	62
4 - 5	Back-to-back stem-and-leaf plots	64
4 - 6	Frequency tables	65
4 - 7	Histograms	67
4 - 8	Grouping data	70
4 - 9	Frequency polygons	73
	Summary	76

5. RELATIONSHIPS BETWEEN VARIABLES

5 - 1	Dependent and independent variables	78
5 - 2	Drawing line graphs	80
5 - 3	Drawing a travel graph	82
5 - 4	Reading line graphs	84
5 - 5	Interpreting line graphs	86
5 - 6	Multiple line graphs	87
5 - 7	Two-scaled graphs	90
	Summary	92

6. CORRELATIONS

6 - 1	Tables of related variables	94
6 - 2	Line graphs of related variables	96
6 - 3	Scatter diagrams	98
6 - 4	Clustered data	100
6 - 5	Strengths of correlations	102
6 - 6	Linear and non-linear correlations	104
6 - 7	Investigating correlations	106
6 - 8	Interpreting correlations	112
	Summary	114

7. GRAPHS FROM SPREADSHEETS

7 - 1	Introducing spreadsheets.....	116
7 - 2	A horizontal bar graph	118
7 - 3	A sector graph.....	124
7 - 4	A column graph	126
7 - 5	A clustered column graph.....	127
7 - 6	A stacked column graph.....	128
7 - 7	A line graph.....	130
7 - 8	A two-scaled line graph.....	132
7 - 9	A line and column graph	133
7 - 10	Scatter diagrams.....	135

8. MISLEADING GRAPHS

8 - 1	Errors in sector graphs.....	140
8 - 2	Errors in a column graph.....	142
8 - 3	Errors in line graphs.....	143
8 - 4	Dimensional effects.....	145
8 - 5	Effects of using pictures.....	148
8 - 6	Effects of patterning and colour.....	149
8 - 7	Effects of selective labelling on axes.....	150
8 - 8	Effects of non-linear scales.....	153
8 - 9	Scaling effects.....	155
8 - 10	Effects of selective data	157
	Summary.....	160

9. DATA IN THE MEDIA

9 - 1	Misleading graphs in the media.....	162
9 - 2	Percentages in the media.....	163
9 - 3	Selected interpretation of data.....	166
9 - 4	Selected bits of data.....	168
9 - 5	Analysis of a newspaper article.....	171
9 - 6	Writing an article.....	174

10. DATA DISTRIBUTIONS

10 - 1	Describing a data set by an average.....	178
10 - 2	Describing a data set by its variation.....	181
10 - 3	Even and uneven distributions.....	183
10 - 4	Symmetrical and skewed distributions.....	186
10 - 5	Changing the average.....	189
10 - 6	Choosing an average.....	192
10 - 7	Investigating supermarket prices.....	194
10 - 8	Investigating pencil cases.....	195
	Summary.....	196

11. SAMPLING

11 - 1	Reasons for sampling.....	198
11 - 2	A biased sample.....	200
11 - 3	Random numbers.....	202
11 - 4	Random sampling.....	206
11 - 5	Sampling positions.....	208
11 - 6	Sampling a volume.....	210
11 - 7	Proportional sampling.....	212
11 - 8	Sample variability.....	214
11 - 9	Sample size and reliability.....	217
	Summary.....	220

12. CONDUCTING A SURVEY

12 - 1	Reasons for surveying.....	222
12 - 2	Survey methods.....	223
12 - 3	Ethical issues.....	225
12 - 4	The interviewer and the respondent.....	226
12 - 5	The response rate.....	227
12 - 6	Designing a questionnaire.....	228
12 - 7	Coding and analysing data.....	233
12 - 8	How to make a survey-based investigation.....	236

13. LINEAR GRAPHS

13 - 1	Currency conversions.....	240
13 - 2	Measurement conversions.....	242
13 - 3	Measurements of similar shapes.....	244
13 - 4	Graphs displaced from the origin.....	246
13 - 5	Linear travel graphs.....	248
13 - 6	Reading step graphs.....	250
13 - 7	Drawing step graphs.....	252
	Summary.....	254

14. CURVED GRAPHS

14 - 1	The area of cattle yards.....	256
14 - 2	The thickness of paper.....	258
14 - 3	The volume of ice and water.....	260
14 - 4	The height of a fountain.....	262
14 - 5	Moving a rescue ladder.....	264
14 - 6	Changing height on a ferris wheel.....	266
